

## Oppgave 1 -&gt; user stor stories

## Case 1:

As an administrator I want to be able to save the template of the exam so that I can use it another time.

## Case 2:

As a Administrator I want four multiple choices where only one is correct so that the participants has to choose between one.

## Case 3:

As a participant I want to see my progress of the exam so that I know how many questions I have done and how many I have left.

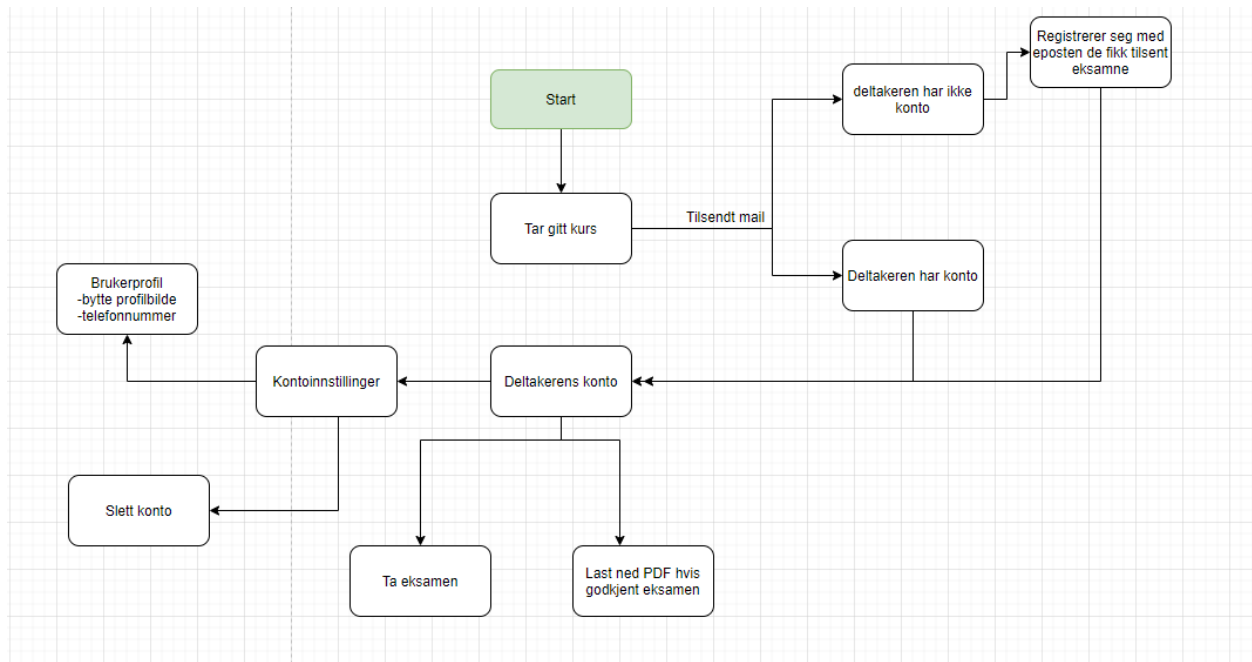

## Case 4:

As a participant I want to have my user profile so that I can download my approved certificates.

## Case 5:

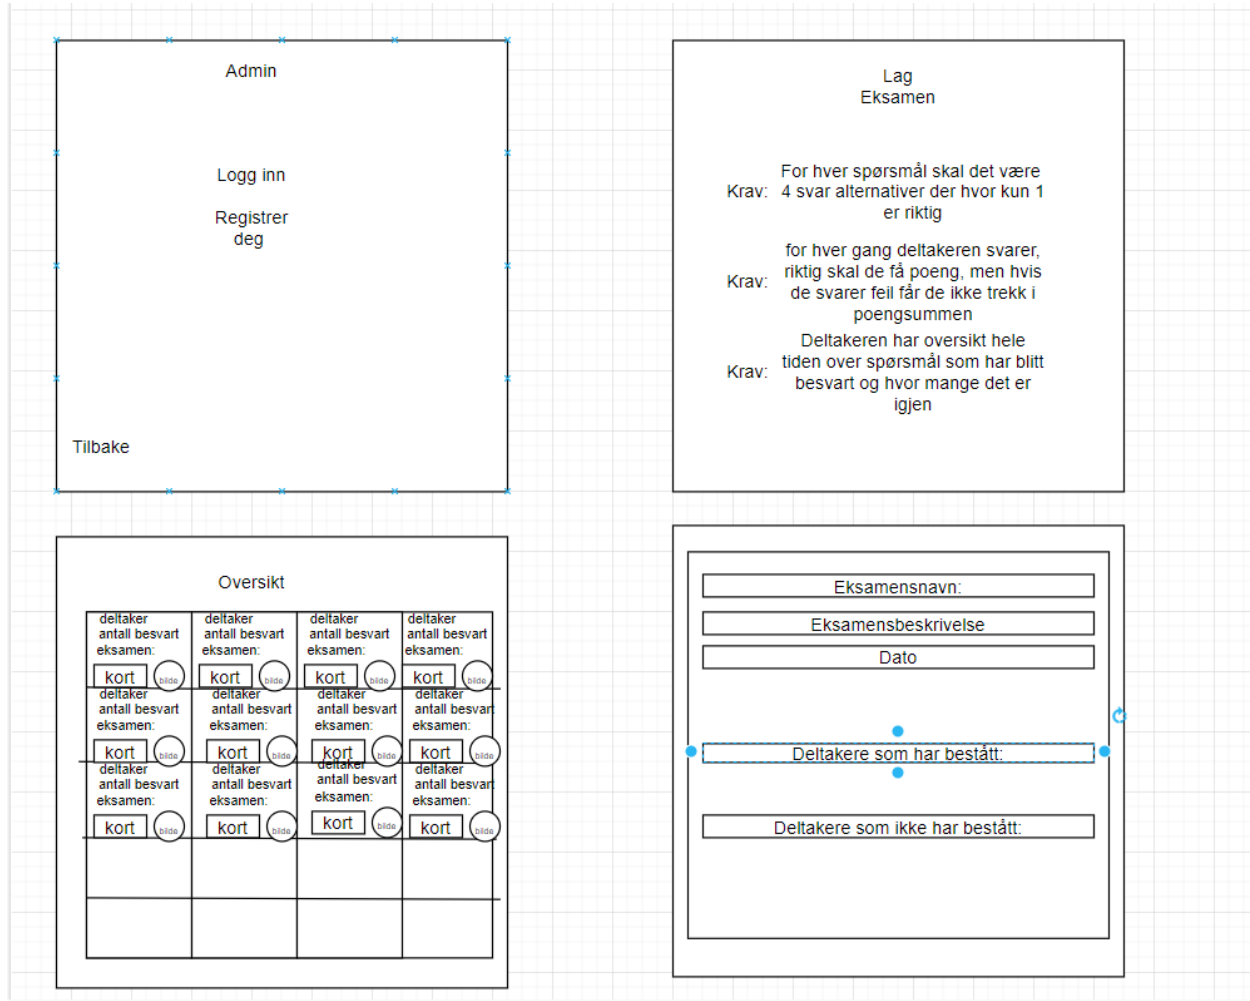

As a participant I want to see my score so that I know if I passed the test, or failed the test.

## Oppgave 2:

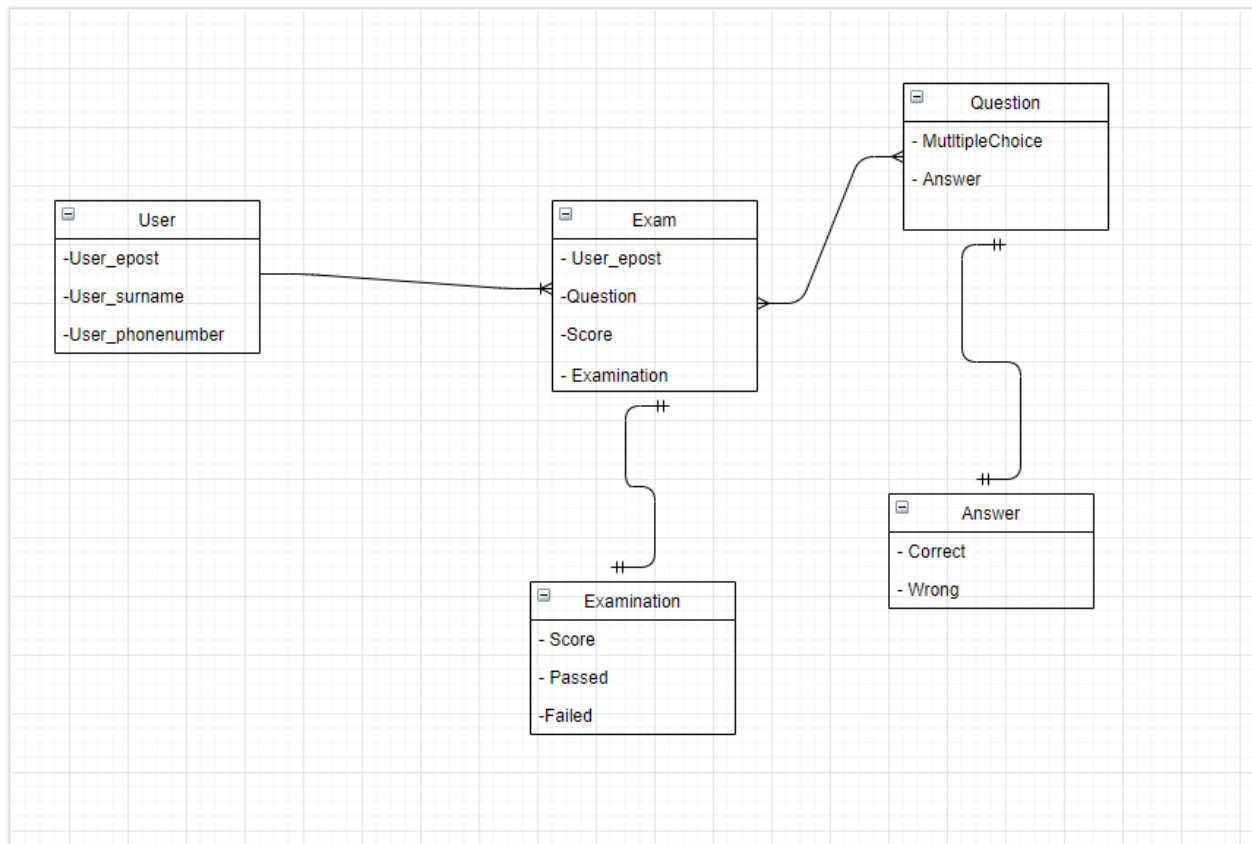

## Oppgave 3

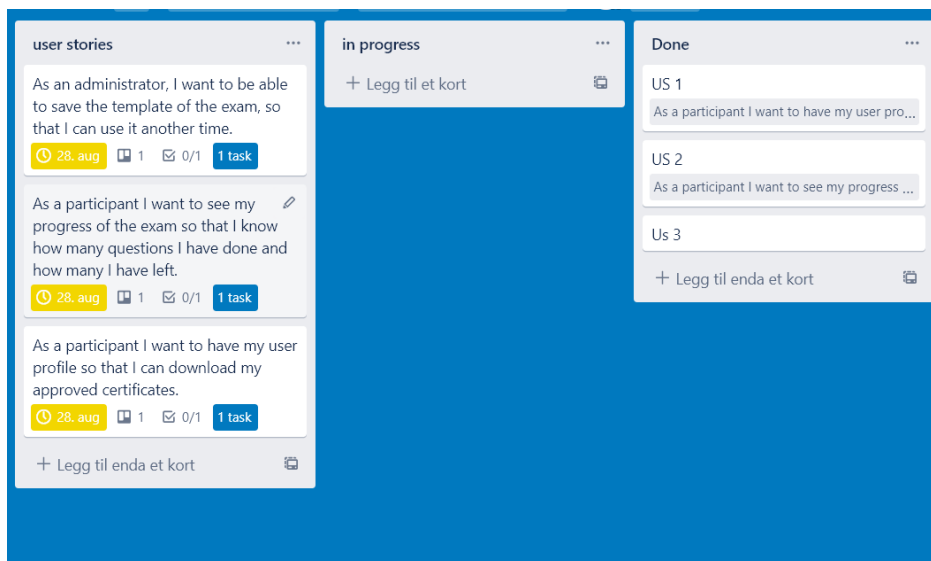

Ble litt usikker på hvor mange Wireframes vi skulle lage med tanke på at det sto vi skulle lage «en» enkel wireframe, men ble nesten umulig med å mange krav, så jeg prøvde å lage 4 som forklarer delvis hvordan det ville sett ut.

## Oppgave 4:

## Oppgave 5:

As an administrator, I want to be able to save the template of the exam, so that I can use it another time.
